EQUINE LIFE SOLUTIONS

Beginners as young as 5 can begin learning & riding

Professional and advanced riders enjoy the ELS lesson programs too!

Initial Evaluation: Our one-hour

Orientation and Evaluation Lesson is a valuable tool that provides new students with an opportunity to evaluate our program and facilities, discuss fear or other issues, and to ask questions about how we run our programs. The evaluation is **REQUIRED** for all new students.

Private Lessons: Adults start off with ground work (how humans interact with their equine partners from the ground level). Ground work includes everything from moving horses through gates, grooming and handling tack and equipment, to working with horses on a lead-line at a walk trot and stop.

Group Lessons: All riders are expected to move into group classes after private lessons. Group dynamics helps humans learn from each other.
